STRUCTURAL PROJECT ENGINEER

Wolf Consulting Engineers, LLC (WCE), located in Carlisle, PA, is seeking a full-time project engineer with 0 to 3 years of experience in structural analysis and design on building projects. The ideal project engineer will work on new construction and renovation projects under the direct supervision of a project manager.

Additional qualifications for the position are as follows:

- Bachelor's degree from an ABET/EAC accredited program.
- Experience with AutoCAD and Revit.
- Experience with structural analysis programs.
- Exceptional verbal and written communication skills.
- Effective time management and organizational skills.

WCE offers competitive compensation and benefit packages which include health coverage, Simple IRA with an employer match, paid professional development, and annual performance bonuses. WCE is an equal opportunity employer.

Interested candidates, please submit your cover letter and resume with a minimum of three professional references to Elizabeth A. Sheely, Office Manager at liz@wolf-engineers.com.
