

Mechanical Intern

Founded in 1975, BR+A Consulting Engineers maintains a total staff of over 400 employees located at our main office in Boston and branch offices in New York City, NY; Philadelphia, PA; Washington, DC; Miami, FL; Chicago, IL; St. Louis, MO; Tampa, FL, Charlotte, NC and Charleston, SC. BR+A provides state-of-the-art integrated and coordinated mechanical, electrical, plumbing and fire protection consulting engineering, technology systems design, lighting design, and building commissioning services.

BR+A is seeking applicants for a Mechanical Internship in our Vienna, VA office. The candidate would be strongly motivated, well organized, and show professional initiative. The applicant should be able to take ownership of assignments and perform well both independently and as part of the project team. The ideal candidate would have the following responsibilities:

- AutoCAD/Revit revisions and mark-ups for large-scale architectural projects
- Prepare one-line diagrams with input from Engineers;
- Prepare floor plans showing ductwork, piping areas, AHU's CHW and HW systems with input from Engineers;

Position Requirements:

- Pursuing a degree in Mechanical Engineering;
- Interest in designing Healthcare, Commercial, Higher Education or Laboratory projects;
- Excellent Organizational and Communication skills;
- Proactive and Collaborative team member.

We provide a professional and cooperative working environment with access to variety of resources and professional expertise. Site visits are dependent on construction status.

BR+A is an Equal Opportunity Employer. All qualified individuals are encouraged to apply, regardless of race, gender, religion, age, national origin, disability, veteran status or sexual orientation. The candidate must pass a drug test.

Qualified candidates should forward their resume and cover letter.
