Designer

Horton Lees Brogden Lighting Design (HLB) is an internationally recognized design firm focused on architectural lighting for both interior and exterior environments. We are inspired by the artistry of light and its impact on the natural and architectural environment. We infuse our core values of artistry, legacy, curiosity, balance, and integrity into every project.

We look for individuals who are inspired by our values, who seek to learn and in turn teach others, who respect, value and promote the integrity of our work, who care about the impact we make in people’s lives, and who are responsive to our ever-changing world.

Description
The designer will support the work of 1 or more team members and assist in the lighting design process. Position is 100% designer. A position is available in our New York, Los Angeles, and San Francisco office.
