Reuther & Bowen, PC

Job Description: Structural Engineer

Celebrating our 20th year in practice, R+B is a structural & civil engineering firm with headquarters in Northeast PA (Scranton Area). We also have a satellite office in New York City. We consult to owners, architects, developers and construction professionals on a wide variety of projects throughout the eastern United States. Market categories include healthcare, higher education, K-12, multi-family, industrial / warehouse, retail / commercial development, and local, state and federal government projects.

We are seeking a structural engineer with 5+ years of experience in building design. Candidate should be proficient in AutoCAD, Revit, and industry standard design software for structural design such as RAM, RISA, Enercalc, etc. Project Management skills are a plus.

In addition to a competitive salary, we offer a benefits package inclusive of health insurance, vision, dental, a 125 cafeteria plan, 401k plan with profit sharing, paid holidays, sick leave and vacation.

QUALIFICATIONS

• Bachelor's degree in Architectural Engineering or Civil Engineering (structural emphasis) from an ABET accredited university.  • EIT required / PE preferred

Please contact Marc Bowen at (570) 496-7020 x 407 for additional information about this position or submit a resume with cover to mbowen@reutherbowen.com.
